

## ROOSEVELT HAS PERSONAL SPITE

Against the United States Packers, Says Armour

NO SANE MAN CAN BELIEVE

THE HORROR STORIES PRINTED IN THE NEWSPAPERS SAYS MAGNATE

Armour Invested in the Entire Scheme Has Been Engineered by the President.

(Bulletin.)

Washington, June 9.—The need of more general inspection of meat and meat products and better sanitation in packing houses, was further discussed before the house committee today. Up-ton Sinclair, author of "The Jungle," wired asking to be heard but the committee was disposed to get along without him.

Princeton, June 9.—Up-ton Sinclair, the novelist, who stirred up the muck in the Chicago stock yards, sent a telegram to Representative John Sharp Williams today saying: "I request you to urge the Democratic members of the committee on agriculture to protect me in my right to a hearing upon the Beveridge bill."

Chicago, June 9.—"Perhaps if the capital invested in the stock yards were Wall Street money that might have made a difference," declared John M. Glenn, secretary of the Illinois Manufacturers' association today in discussing the President's attitude toward the packers. "If the President was to investigate any other big industry in this country and then make the disclosures revealed he would paralyze it. It is fortunate for the country that Mr. Roosevelt selected its strongest industry for attack. No other industry in America could have withstood the same investigation."

Paris, June 9.—J. Ogden Armour, says President Roosevelt has a personal spite against the packers and will do all in his power to discredit them. Armour says the President has done infinite damage. In an interview Armour is quoted as saying: "I say no sane man, nobody with the slightest knowledge of the packing trade as it is conducted in Chicago, can believe the horror stories in the newspapers. Surely no intelligent man can imagine that men like myself who have their entire fortunes invested in the packing business are fools. They cannot suppose we are deliberately trying to wreck our own business, to throw away everything we possess by poisoning the consumers of our products. Any man who will think calmly and intelligently about the situation for five minutes can see how absurd all this clamor is."

"There is no doubt in my mind that the whole of these so-called revelations has been directly engineered by Roosevelt. He has a strong personal animus against the packers. He is now doing and he will do anything in his power to discredit them in their business. The reason is too obvious to require explaining to anybody who knows anything about American politics or American public life. I consider the system of inspection of the American packing industry purely adequate to guarantee the purity and wholesomeness of the product. If all that Roosevelt honestly wanted was an improvement in the methods and scope of inspection surely the most straightforward way would have been to require us to make whatever alterations were thought to be necessary."

"But Roosevelt wanted to harm us. He wished to vent his spite on us. Unfortunately the president says and does things without stopping to think what the results will be. And what is the result of all his so-called examination and revelation?"

"He has simply succeeded in discrediting the American packing business and livestock interests in Europe. He has created a tremendous prejudice against us everywhere. He has done infinite damage to one of the foremost American industries."

Armour spoke with emphasis. Washington, June 9.—The packing house exposures are not interfering with the appetite or digestion of Senator La Follette. He seems to be the original anti-beef trust senator. For five years he has not eaten meat of any kind. Some of the senators who have been reading the unsavory nature of conditions in Packingtown,

and in consequence have been confining themselves to a diet of vegetables were advised to look up La Follette and learn how to be well fed though eschewing meat.

"Yes, it's a fact that I don't eat meat," said Senator La Follette. "My stomach went back on me some years ago, and I cut meat out of my menu. No, I don't seem especially to need it now."

The Wisconsin man is, in fact, one of the best authorities in the country on gastronomic ailments, because when his own digestive apparatus went back on him he became a student of such subjects, prescribed a diet for himself and restored his health. But he has never restored meat to his menu.

JOHN D.'S OPINION.

Campagne, France, June 9.—When asked his opinion of the revelations about the Chicago beef packers, John D. Rockefeller said: "We must hear both sides. Public opinion is apt to be rash."

## MUNICIPAL OWNERSHIP AT WELLSTON, OHIO

Wellston, O., June 9.—The good results accruing from municipal ownership are well illustrated in this city, which will have the lowest tax levy for municipal purposes in Ohio. The levy is seven mills. In some cities it reaches 22, while the average is 14. The water and light plants are self-sustaining and help to pay off the city's bonded indebtedness. The Aiken saloon tax bill will supply revenue for the police department. The charge for light under city ownership is four cents per thousand watts.

## BRYAN WOULD WIN

Declares ex-Senator Jones on White House Steps—Strongest Man in Democratic Party.

Washington, June 8.—Ex-Senator Jones of Arkansas, who conducted as chairman of the National Democratic committee, both of the unsuccessful Bryan campaigns, predicted today on the White House steps that the Nebraska man will be the next Democratic candidate. "I believe he will be elected if he runs," said Mr. Jones. "He is the strongest man in the party today, is the logical candidate, and I think would accept the nomination if asked to make the race. I do not believe, however, that Mr. Bryan is seeking the nomination. He would probably prefer some other man who stands for his principles, but if nominated, I think he would sink his personal preferences for the good of the party."

## PROUD SCHOONER JOINS GRAVEYARD OF OLD HULKS TO BECOME COAL BARGE.

Deck view from stern of the Avery, dismantled in collision.

View from bow showing half of mizzenmast standing.

New York, June 9.—With nothing showing above her deck except a short stump of the mainmast and less than half the length of her mizzenmast, the schooner Avery is lying in Erie Basin today, ready for the auctioneer's hammer and her entry into the long line of coal barges. Up to last Tuesday the Avery was a first-class sailing ship. Her sticks, of good, solid timber, had been put in place less than a year ago and the trim schooner was scudding along under a fair wind the night of May 29, which was destined to be the last under her own control.

At four o'clock, while the port watch was on duty, a huge four master suddenly loomed up through the fog. The other ship, James May, raked the Avery forward of the fore rigging.

The May's bow snapped off after the first impact, falling into the sea. All of the Avery's starboard railing was carried away and part of her after-house crushed in. She lost all her spars, sails and rigging and lay helpless in the sea until picked up by the Chippewa, which towed her into New York harbor.

"That none of us was killed by falling spars," said Captain Philbrook, "is nothing short of miraculous. All

of the masts except the mizzen went down, one after the other, so quickly that you could not count ten before the last spar was either on the deck or over the side. Luckily we were not injured below the waterline and we

drifted until picked up by the Chippewa." The Avery is the latest ship wrecked by either storms or collision at sea to enter the "graveyard" of ships in Erie Basin.

## WHYTE SUCCEEDS SENATOR GORMAN

Venerable ex-Senator is Named by Governor Warfield for Unexpired Term.

Baltimore, Md., June 9.—The appointment of Wm. Pinkney Whyte to succeed the late Senator Gorman in the United States Senate is a hard blow to the old Gorman organization. Twenty-five years ago, Gorman defeated Whyte for re-election as senator and since then Gorman and Whyte have been opposed. Whyte, who is 82 years old has been mayor of Baltimore, governor and attorney general. Whyte will serve in the Senate until the next Legislature meets in January, 1908. The Gorman organization would have liked to have had Arthur P. Gorman, the dead senator's son; General L. Victor Bughman, or Joshua Miles appointed by Governor Warfield to fill the senatorial vacancy.

## TO AVOID ARREST

Americans Desert Cananea Mines and Hasten Across the Border.

Bisbee, Ariz., June 9.—As a result of the strike at Cananea, Mexico, the mines of Colonel Greene, last week, the American miners in the camp will be very few in the future, it is believed. They are crossing the line now in droves and several hundred have arrived in Bisbee during the last 48 hours. On Thursday the Mexican authorities sent a miner through the mines notifying all American miners that those who were under suspicion of having aided the trouble at Cananea and had openly sympathized with the striking Mexicans would on the following day be placed under arrest. Despite the terrible ordeal and his own youth, Tucker is brave and has faith in the belief that something will interfere to save his life. When his attorney told him the governor had refused to interfere Tucker said:

"I want you to believe that as God is witness of what I say I will go to that chair an innocent man."

The United States Coal company asked today of Sheriff Vorhees that some of the troops stay at Bradley and Plum Run as they are about to compel evictions, but the sheriff refused, saying the troops could not be used to enforce evictions. The W. & L. E. Coal company asked for troops as they will try to begin operations with union miners who promise to return to work. This request was also denied.

## HOME DEFENDER HAS PROTECTION

Lexington, Ky., June 9.—That a defender of the home, be it a man or a woman, can have full protection of the Kentucky courts, was again demonstrated at Richmond yesterday, when Mrs. Nannie Nuckols was acquitted of the charge of murdering Mrs. Viana Black at Berea on Wednesday. Mrs. Nuckols shot and instantly killed Mrs. Black after she had found the woman in the company of her husband, Dempsey Nuckols. It was alleged that Mrs. Black had threatened to take Nuckols away from his wife, and in the presence of 10,000 people drawn to Berea for the commencement exercises of the colleges, Mrs. Nuckols drew a pistol and fired a bullet into the breast of the woman.

LOSS OF LIFE REPORTED

TERRIFIC STORM HITS A RACE TRACK AT BUFFALO, N. Y.

Tracks Under Water and Buildings Levelled in Canada—In Michigan Torrents of Rainfall.

Detroit, Mich., June 9.—A terrific windstorm swept over a section of Michigan and western Ontario, and as a result all wire communication between this city and Canadian points east of Chatham was cut off for hours. Chatham suffered severe property loss from the storm, which unroofed houses, blew down trees, felled wires and filled the streets with debris; but no loss of life resulted and no one was seriously hurt. Considerable property damage is reported from small towns and farms between here and Chatham.

A torrential rain storm, accompanied by a forty-mile wind, also struck Detroit. Rainfall in less than an hour measured 1.36 inches and the wind in five minutes sprang from a gentle six-mile breeze to 40 miles an hour. Trees were felled all over the city, causing severe damage to wires and putting several telephones out of commission. Several street car lines were held up by broken trolley wires during the busiest hours of the evening. Unconfirmed reports of loss of life on the river are current. One of these reports was that eight lives were lost on the river near Wolf's, a resort on the Canadian shore, a mile above the head of Belle Isle; another was that a child had been picked up by the wind and swept off the Belle Isle bridge. Both the Western Union and Postal Telegraph companies are making desperate efforts to reach interior Canadian points. Long distance telephone service east of Chatham is also cut off. Efforts to reach Canadian points by way of the Grand Trunk railroad's wires along its Sarnia branch were also unsuccessful owing to storm damage. Reports from the eastern part of the state tell of a severe storm with considerable property damage.

Many of the crowd ran to the infield, where they laid flat on the ground to avoid being struck by flying debris. The rain fell in torrents. It was all over in 20 minutes and racing was resumed. So far as known no lives were lost.

Mr. Martin Hartshorn, a gallant veteran of the Civil war, was delightfully surprised on last Saturday evening when about twenty of his G. A. R. comrades from Newark and Granville called on him at his home on the Newark and Granville road, to assist him in celebrating the sixty-first anniversary of his birth. Mr. Hartshorn was at first unable to comprehend what the assault meant, but he soon "caught on" and turned his batteries on the invaders, extending to them a cordial welcome. The boys "made the charge" at 7:30 o'clock and it was 10:30 o'clock before they beat a retreat. Mrs. Hartshorn and daughter, who were in the secret, had prepared a sumptuous repast which was greatly enjoyed by the old comrades. On behalf of the self-invited guests Col. Charles H. Kibler presented Mr. Hartshorn with a fine chair. Mr. Hartshorn responded in a few appropriate words, after which the remainder of the evening was spent in having a good social time, and in relating reminiscences of their experiences during the war. The occasion

## HUNDRED THOUSAND DOLLARS TO BE EXPENDED BY B. & O.

For Improvements to be Made at Newark Which Will Include a New Round House Nearly Twice as Large as Present One—Official Announcement Made.

Baltimore, June 9.—The contract for making extensive improvements at Newark, Ohio, for the Baltimore and Ohio railroad, has been awarded to the Leonard-Martin Construction company of Chicago, and the work was started several days ago. The expenditure will be in the neighborhood of \$150,000.

The improvements will consist of the erection of a modern round house, with stalls that will hold 25 locomotives, and an 80-ft. turntable and pit; a standard oil house, 30 by 50 ft.; office and toilet building, which is to include the offices of the Mechanical Department; also toilet, bath and locker rooms for the engineers and trainmen; a toilet and tool house for the workmen, with one room set apart for storing tools, etc. All the buildings will be heated by steam and will be well lighted. The sewer and drainage system around the buildings will be of the best, and, with it, first class sanitary conditions ought to be maintained.

The Advocate received the above message from Baltimore Saturday noon and the dispatch was presented at the superintendent's office here. Mr. T. J. Daly, chief clerk to Superintendent Irwin, stated that the work which was commenced last Monday, was being rushed as rapidly as possible. The roundhouse which has been standing at the shops for many years has already been partly razed to make room for the new building.

The new building will be much larger, nearly twice as large in fact. It will be built on the present house site. A half of the old building will be torn down and the remainder will be used while the first half of the round house is being built.

The office building mentioned will be constructed as a part of the round house and will be located near the present round house office. It will contain the offices of the General Road Foreman of Engines and the General Round House Foreman. The engineers will also be provided with a small office where they can go to make out their reports.

In the rear of this office building, elaborate toilet and bath rooms will be provided. There will be arrangements made to accommodate the road men with most any kind of a bath desired. Several shower baths will be installed and a number of tub baths provided. In connection with this great improvement, lockers will be provided so that the engineers can come in from the road, clean up and don their street clothes without first going home.

As to the round house proper, every equipment about the building will be of the very latest improved appliances, such as are in use over the country at this time. One of the marked improvements will be the "smoke jacks," which will be installed and by a patented system, all the offensive gases and smoke common to a round house, will be carried away. The work on these improvements is now in progress.

## "Reasons Why" - Dyspepsia

Self-poisoning is the most common form of disease. Not with drug poisons, but with the poison made inside the body—uric acid. Every good physician now knows that uric acid causes Dyspepsia, all stomach troubles and nine-tenths of all diseases.

So, avoiding disease or curing disease plainly depends on driving out the uric acid.

**HOW URIC ACID CAUSES DISEASE**  
Improper food causes what your physician calls congestion. He means that the tiny blood vessels in your stomach are affected and the blood is unable to pass through them. So at once the little grains of uric acid in your blood become lodged and work their way into the tissues of the stomach.

The irritation and congestion that follows is named Dyspepsia, indigestion, ulcer of the stomach, etc. The cause is always uric acid. This is the "Reason Why" of all stomach trouble. The cure is the removal of the uric acid. The proof is the thousands who have been cured.

**URIC ACID SYMPTOMS**  
Sour stomach, belching, pain in the stomach, and poor digestion. These are the forerunners of serious stomach trouble. Headache, biliousness, backache, and menstrual disorders—all show uric acid to be at work.

**LIFE PLANT DRIVES OUT URIC ACID**  
LIFE PLANT is a preparation of seven herbs, scientifically prepared to dissolve uric acid—and it does it.

In whatever part of your body the uric acid is deposited, whether in the stomach, or kidneys, or liver, LIFE PLANT dissolves it out.

LIFE PLANT purifies the blood—heals the stomach—helps it to digest food and drives all poison out of the system.

LIFE PLANT is not a patent medicine and contains no harmful drugs. It is a specific for all diseases of the stomach—a natural, harmless solvent for uric acid.

## WM. SHIELDS JR. NOT A TAX PAYER

Decided the Court in Water Works Case—On That Ground Injunction Was Dissolved.

William Shields Jr., vs. American Light and Water company. This is an injunction brought to enjoin the further construction of the water works system under the contract between the city and the defendant company; the court decided the case this morning on a motion to dissolve the temporary injunction heretofore granted. The court found that the city auditor had made the proper certificate and recorded the same as to the money being on hand at the time the contract was executed; that the present contract of supply contemplated by the changed plans was not approved by the State Board of Health as required by the statute. The court further found that William J. Shields Jr. was not a tax payer at the time of the commencement of the action, and on the latter ground the court dismissed the petition and gave judgment in favor of the defendants. J. Howard Jones and Jones & Jones, Belmont, Jones, Smythe & Smythe, Kinder & Montgomery.

## NOTES ON THE CONVENTION

All three of the candidates made a gallant, honorable fight, but only one could win.

The nomination of Hon. W. A. Ashbrook for Congress in this district, is a strong one today, but will grow stronger as the days go by. Mr. Ashbrook is a hustler as is well-known, with splendid ability and unbounded energy and is a sure winner.

The three nominating speeches were brilliant eulogies, but on all sides it was conceded that McDonald's masterly effort in behalf of Ashbrook was the supreme achievement.

The correspondents for the metropolitan newspapers discovered very early in the contest that Ashbrook would be the winner.

Mr. Hurst, of Tuscarawas, had a loyal delegation of able men behind him who stood solidly for him long after they saw he could not be nominated. The majority of them only came over to Ashbrook after they had convinced Mr. Hurst that his chance was hopeless.

The attendants at the convention were all taken with the beauty of New Philadelphia and the universal hospitality of its citizens.

On several ballots Coshocton county cast her solid vote for Mr. Wertz, of Wayne. But as a bed rock proposition there were always 30 of the delegates who were earnestly for Ashbrook.

It was the universal verdict that New Philadelphia is a lovely little residence city.

What a royal good set of fellows us Democrats are when we get together.

A conspicuous figure was the late congressman, Hon. J. W. Cassingham. Coshocton county and many delegates would have been glad to honor him again, but he positively stated he was out of politics for himself and had no interest but the welfare of his party.

New Philadelphia is not an auto town. But the magnificent, highly bred horse is there in all his splendor.

Cheers for Bryan followed every mention of his name on all occasions.

There is a popular demand for the appointment of Charles Lambertson, of Coshocton, for warden of the penitentiary. This fact was one of the things strongly in evidence at the convention.

The Congressional Committee named at the convention is as follows: Coshocton, Charles Cottom; Holmes, L. G. Barton; Licking, John P. Sullivan; Tuscarawas, J. F. Miller; Wayne, F. N. Vanover.

It must be said that Wayne county was there with an earnest delegation of able men—Democrats of the highest and best type. They and their brilliant young candidate did their county credit in the conspicuous part they took in the bar monious wind up.

The promptness and regularity with which "Squire Chilly" cast the solid vote of Licking for Ashbrook has not been surpassed at any convention in this region in recent years.

New Philadelphia citizens did their full share to entertain the candidates, delegates and all the visitors to the convention. A magnificent band came out and serenaded the headquarters at the hotel, the board of trade brought out carriages and conveyed the visitors over the city and every citizen seemed to make himself a host to entertain the guests of the occasion.

The nomination of Mr. Ashbrook for congress is good for several hundred votes from independent Republicans who are thoroughly dissatisfied with Hon. Martin Luther Smyser and the boss Republican machine in Licking county.

So far as heard from there is only one prominent politician in Licking county who seems to be dissatisfied with the nomination of Wm. A. Ashbrook, and that is the distinguished statesman, Mr. George Hamilton, who was an onlooker in New Philadelphia. George says they ought to have nominated someone else to put the mitts on with Smyser, and for George's sake and his friends, that is probably true. We are sorry that we cannot please Boss George in this case, but it is utterly impossible under the circumstances to do so.

The sad incident of the convention was the sudden departure for home of Hon. Wm. E. Miller, caused by the receipt of a telegram of the death of his brother, M. M. Miller, who has been residing in the Indian Territory for the past few years. The sad news caused Mr. Miller a pang that aroused the sympathy of his many friends and acquaintances at the convention.

The nominating speech of Hon. B. F. McDonald in placing Hon. W. A. Ashbrook before the congressional convention, was a model of oratory. It delighted not only Mr. Ashbrook's friends, but the friends of the other delegates in the convention had to pay their enthusiastic meed of praise to the eloquence and ability of the orator.

Hon. John A. McSweeney made a most original and enthusiastic speech in presenting the name of Hon. Ed A. Wertz as a candidate for Congress before the late Congressional convention. Mr. McSweeney is a natural orator and it is always a treat to hear him.

Licking county is proud of the loyalty and steadfastness of its delegates which attended the Congressional convention in the interest of Licking county's candidate, Hon. W. A. Ashbrook. The usual reports were circulated early in the convention that the delegation would not stand but would break. But this false rumor was soon dispelled when ballot after ballot came up solidly for Ashbrook, thus insuring his nomination.

Judge Brister, as well as all the delegates to the Congressional convention, is enthusiastic in his praises of the New Philadelphia hotel—the new Hotel Reeves, at which most of the delegates stopped. The rooms and furniture are thoroughly up-to-date, the meals excellent and entirely satisfactory.

The Licking delegates are enthusiastic over the royal treatment they and all other delegates received at the hands of the New Philadelphians. Young ladies pinned buttonhole bouquets on the delegates when the convention opened and they were all proud of the decoration.

Sam Nicholas, of Coshocton, will now proceed to accept the unanimous nomination for common pleas judge for the district composed of Holmes, Wayne and Coshocton. The congressional nomination is now out of the way and Sam's political sky is not marred by even the myth of a cloud.

The Licking delegates were well satisfied with the result and can point with pride to the honorable means by which they won.

**Monday to Witness Old Time Field  
Day—G. F. C. Reunion—Other  
Notes of Granville.**

Granville, June 9.—On Friday evening occurred the Senior recital of the Conservatory of Music. This is the first feature of the commencement exercises of Denison university, and notwithstanding the extreme heat the hall was well filled with the friends of the Conservatory. The numbers on the program were especially well chosen and artistically rendered in every case. The seniors were Miss Mabel Alice Butterfield, organ; Miss Florence May Nickels, voice; Miss Sarah Eleanor Thomas, voice. The seniors were assisted by Miss Bertha Stevens, pianist, and Miss Grace Harford, accompanist. The program, which was a very enjoyable one, was as follows:

Concert Overture (Hollins) Miss Butterfield.

The Dream (Rubinstein) The Asrs, O Fair, O Sweet and Holy—Miss Thomas.

My Sweet Repose (Schubert) Hedge-roses, Hark, Hark the Lark—Miss Nickels.

Sonata, Op. 27, No. 2 (Beethoven) Adagio sostenuto—Allegretto—Presto agitato—Miss Stevens.

Nymphs and Fauns (Bemberg) Miss Nickels.

Andantino (Lemare) Little G Minor Fugue (Bach) Miss Butterfield.

Shena Van (Mrs. H. A. Beach) Spring Song (Weil)—Miss Thomas.

Violin obligato by Mr. Judson.

Following the recital a delightful reception was tendered the seniors by the Misses Blinn and Benedict in Thresher Hall.

### DENISON FIELD DAY.

A regular old time field day with all the former attractions and many new ones is to be held this year at Denison University, Monday, June 11, beginning at 9 a. m. For several years back interest in this event has died down but the boys are pushing it again and a rare day of sport can be expected. The merchants have responded liberally with prizes, and a new silver loving cup has been secured to take the place of the old citizens' medal, handed down from year to year to the best all round athlete. In the afternoon the alumni base ball team made up of such old stars as Pete Withoff, Bottle Jones and others will attempt to teach the game to the present generation. The college band will also lend its assistance to the festivities.

### G. F. C. REUNION.

During the centennial held in Granville last year about one hundred women, all of whom were connected in some way or other with Granville Female College, met at the home of Mrs. J. S. Jones, who tendered them an elaborate reunion luncheon. During the reunion, at the suggestion of one of the company, the Granville Female College Association was organized, to embrace every teacher, student and graduate of the old school, and this to perpetuate its memory. The purpose was to hold a reunion of the association in Granville every year during commencement week. The president of the association announces that the reunion this year will be held next Wednesday afternoon on the grounds of the old Granville Female College, where old acquaintances will be renewed and a good social time will be had. During the afternoon refreshments will be served. Word has been received that many of those who were formerly connected with the old school expect to attend.

### OLD VETERAN HONORED.

"Uncle John Weston," a gallant veteran of the Civil war, and who probably served longer in the army than any other soldier residing here, and who always takes an active interest in everything that pertains to the welfare of the old soldiers, has recently been honored by his old comrades in a fitting manner. For many years Mr. John Weston has been the faithful color bearer for the Granville Soldiers' Association, and on Decoration Day his old comrades, remembering the many services he has rendered, elected him president of the association. Mr. Weston is eminently worthy of the honor that has been bestowed upon him. That he will make a good president, goes without saying. In addition to his duties as president of the association he will continue to act as color bearer. Tip your hat to President Weston.

### GRANVILLE NOTES.

The regular services will be held in St. Luke's Episcopal church next Sunday at 11 p. m. Sunday school at 10 a. m. All are cordially invited to attend.

Mr. and Mrs. Henry Deming, Mr. and Mrs. George H. Woods, Mr. and Mrs. P. Ashbrook, Charles Gucker and daughter, Lily, are attending the State meeting of the U. C. T. at Cedar Point.

Already many people, friends of old Denison, have moved in Granville for commencement week, and the hotels

and boarding houses are becoming crowded.

Mrs. B. I. Jones and Mrs. E. J. Dorsey of Granville, left for Cleveland on Friday morning, where they will attend the wedding of their niece, Miss Ida Grove to Mr. Albert Atwater, who graduated on Thursday of this week from Purdue University at Lafayette, Ind., with high honors. The wedding will take place Saturday evening at the home of the bride's parents, on Commonwealth avenue at 7:30 o'clock. They will leave immediately after the ceremony for a wedding trip to Massachusetts, the home of the groom.

Mrs. E. J. Dorsey, who left for Cleveland on Friday to attend the wedding of her niece, Miss Ida Grove, will go from that place to Utica, N. Y., where she will be joined by her son, Herbert, who has been teaching in Cornell University. From Utica they will go to New York, where they will take the boat to Jacksonville, Fla. From that place they will go to Palmto, Fla., where Mr. Dorsey will be married to Miss Virginia Rowlette on Thursday, June 21.

## GREAT INTEREST IN BEVARD TRIAL

**WHICH STARTS MONDAY BEFORE  
JUDGE SEWARD IN COMMON  
PLEAS COURT.**

**Defendant Has Been in County Jail  
Nearly Year—Seventy-five  
Witnesses Called.**

In Judge Seward's court next Monday morning will begin the trial of Levi Bevard, who is under indictment for first degree murder, growing out of the death of Mrs. Frances L. Wertz on the night of May 31, 1905.

Over 75 witnesses have been subpoenaed and the greatest interest is being manifested in the case.

The star witness for the state is Miss Eva Wertz, granddaughter of the deceased, who saw the defendant strike her grandmother. During the past few weeks rumors concerning Miss Eva have been circulated about town but a disinterested man who is in a position to know, declared there is no truth whatever in the report, and that the girl will be on hand during the coming trial.

The defendant has been in jail for nearly a year, his case having been postponed once owing to the absence of ex-Coroner C. F. Legge, who is an important witness for the prosecution but it is announced that the trial will proceed this time, notwithstanding the absence of Dr. Legge who is in the south, owing to the condition of his health.

Bevard has had very little to say since his confinement in the county jail, but he insists that he is innocent and will, it is believed, offer evidence to prove an alibi at the trial.

Owing to the shocking nature of the murder, the accusations of the little girl, the defense made by the prisoner and the apparent absence of a motive for the crime, interest in the coming trial is intense and without doubt great crowds of people will attend the sessions of the court beginning Monday. It is impossible to even speculate upon the duration of the trial.

**Defendant's Answer.**  
In the case of Fred Connell vs. Macie Connell to have alimony of \$10 per week reduced, the defendant has filed her answer. She says her husband earns from \$48 to \$50 per week, but that since June 4, 1904, he has failed to comply with the decree and his family, wife and children, have maintained themselves by stripping tobacco.

**Demurrer Filed.**  
In the case of Philip S. Wickham vs. William H. Kock, the defendant has filed a demurrer to the plaintiff's petition on the grounds that it is barred by the statute of limitation of six years. Kilber & Montgomery, attorneys for the defendant.

**Bankrupts Discharged.**  
In the United States district court in Columbus yesterday, 41 persons received their final discharges in bankruptcy. Among them were, Newark: William Kent, Alva Turner, H. Augustus Atherton, John M. Swartz; Delaware: Thomas W. Case, Mary D. Brown; Mt. Vernon: Sherman H. Fry; Lancaster: Chas. L. Dickey; Columbus: Ted E. Faust, Geo. P. Schwartz, Edward C. Downing; Cambridge, Henry Hayfer; Mt. Gilgao, Aaron Hillis.

**First Account Filed.**  
C. D. Watkins, guardian of the estate of Nelson B. Prior, has filed his first account.

**Real Estate Transfers.**  
Frank Priest and Clara M. Priest to John R. Webb, real estate in Hanover, 1.600.

Wm. Vogelmeier to Lizzie Vogelmeier, lot 40 in Smith's addition to Newark, \$1 and other considerations.

Clyde S. Holt and others to G. W. Sperry, lot 70 in Utica, \$125.

George B. Joseph T. and Mary A. Sprague, trustees, to Rees V. Sperry and Grace A. Sperry, 99 and 25-100 acres in Licking township, \$5000.

## PHENOMENAL GROWTH OF UTICA

**NEWARK AND MT VERNON TRAC-  
TION COMPANY ASK FOR  
FRANCHISE.**

**Invitations for Adams—Sanderson  
Wedding—Eighty New Tele-  
phones at Utica.**

Utica, O., June 9.—The phenomenal growth of Utica during the past year is without precedent in any of the smaller towns of the state. Hundreds of new buildings are springing up as it by magic in all parts of the town, and the boundaries of the place will soon have to be enlarged. The new factories have been the means of bringing many strangers to Utica and for some time it has been impossible to house them all. People who have not visited the place for five or six months would hardly know the town. Located as it is, in the center of the gas field, and being headquarters for all gas supplies, Utica has become a place of considerable importance, and it is one of the best towns along the Lake Erie division of the Baltimore and Ohio railroad.

Invitations are out for the approaching wedding of Miss Anna Adams, daughter of Mr. and Mrs. Robert Adams, to Rev. Mr. Sanderson, the Covenant singing evangelist. The wedding is announced to take place Thursday, June 14.

F. A. Hulshizer left the forepart of the week to attend the state meet of the Ohio Trap Shooters' league's annual tournament. Frank went to defend the cup which has been in his possession during the past year, and it is hoped that he will again return with the coveted trophy.

Miss Minnie Martin of Mansfield, will sing at the Church of Christ on Sunday morning and evening. Miss Martin is a most excellent soloist, and has been received by the most critical audiences with enthusiasm.

Mr. Albert Dick and lady were thrown from a livery rig in the north end of Mt. Vernon a few nights ago. Mr. Dick sustained an injury to one of his legs. One of the shafts penetrated the animal's right shoulder inflicting an ugly wound. The buggy was practically demolished.

County Prosecutor James R. Fitzgibbon was here the forepart of the week to present the application for a franchise for the Newark & Mt. Vernon Traction company through Utica on Main street.

The Utica-Homer Telephone company is having 80 additional phones put in this exchange.

## Y. M. C. A. OUTING AT BUCKEYE LAKE

**Members Are Pushing the Sale of  
Tickets and the Success of the  
Event is Assured.**

The enthusiastic manner in which the Y. M. C. A. members are pushing the sale of tickets indicates that the annual outing next Friday is to be as popular as in former years. Physical Director Ludwig has already received quite a large number of entries for the different water sports to be held in the afternoon. These sports have always excited keen interest and will in all probability do so again.

This morning the Juniors held a meeting when the program for the forenoon was announced. All boys, whether members of the association or not, are invited to join in the forenoon sports and in the basket picnic on the hillside at noon.

Round trip tickets on sale at Y. M. C. A. office and by numerous members at 25 cents.

Special sale on boys' wash suits at Geo. Hermann, the Clothier. 8-25

## ANNUAL REUNION

**Of the Larimore-Hawkins Families  
Held in Mt. Liberty, Knox  
County.**

The eighth annual Larimore-Hawkins family reunion was held Wednesday at the home of Charles Hawkins at Mt. Liberty, Knox county. Two hundred and seventy people from Columbus, Newark, Granville, Mt. Vernon, Utica, Sunbury, Homer and other places were present. At the noon hour a most sumptuous dinner was served, 125 being seated at the first table. Among those present from this city were Captain and Mrs. Henry Larimore and daughter Miss Sarah, Homer Sessor, Mr. and Mrs. S. Hupp, Geo. Hall and sister, Miss Ella, and Mrs. Edith Dunn of Portland, Oregon, who is visiting in the city.

At the business meeting which was held during the afternoon it was decided to hold the reunion next year on the first Wednesday in June at the home of Thomas Patton near Homer.

The officers elected for the ensuing year were: President, Joseph Yost, vice president, Frank Hawkins; secretary, Louis Hall, treasurer, Thomas Patton.

## TWO BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA.

Spring Fever Is Spring Catarrh—Nothing Robs One of Strength Like Spring Catarrh.

Miss Nellie Condon.

### Gained Eighteen Pounds.

Mrs. Hattie Hamilton, R. F. D. 2, Sparta, Ky., writes: "I have taken two bottles of Peru-na and commenced on the third."

"I did not really need the third one, but thought it best to take another bottle."

"I have always weighed 102 pounds, but since I began taking Peru-na I weigh 120 pounds for the first time in all my life, and I am now 33 years old."

"Your medicine has surely done me a great deal of good and I have recommended it to several others who have begun taking it."

"My mother, who is 70 years old, had grown so weak she could scarcely walk."

"She took two bottles of Peru-na and is fleshier and is looking well."

### A Spring Tonic.

ALMOST everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peru-na possesses such qualities is beyond all question.

We have on file thousands of letters which testify to the curative value of Peru-na in cases of nervous depression and run down conditions of the system.

### A Typical Letter.

Mrs. Rhoda Stufflebeam, Bunch, Iowa, writes: "For years I suffered with catarrh of the throat and bronchial tubes."

"I doctored with different physicians, but kept getting worse all the time."

## Pe-ru-na Is a Fine Tonic For a Weary Woman.

### A Letter of Praise.

Miss Nellie Condon, 450 7th Avenue, Brooklyn, N. Y., writes:

"I consider Peru-na the ideal spring tonic. For the past five years I have taken it at this time of the year and find that it enables me to endure the variable weather of the spring and the trying heat of the summer."

Peru-na affords the most prompt and permanent relief in all cases of nervous prostration, caused by systemic catarrh, as verified by many cures on our records.

Mrs. Hattie Hamilton.

"This spring I took a cold which settled on my lungs. I had such a cough I could not rest at night. My friends, and I myself thought I had consumption."

"A friend advised me to try Peru-na. I bought a bottle and wrote to you for advice. Before I had taken one bottle, my cough was better so I concluded to give it further trial."

"I followed your directions as closely as possible, and thanks to you and Peru-na, I am a well woman to-day."

Peru-na never fails to prevent spring catarrh or nervous prostration, if taken in time.

Pe-ru-na Contains No Narcotics. One reason why Peru-na has found permanent use in so many homes is that it contains no narcotics of any kind.

Peru-na is perfectly harmless, if taken according to the directions on each bottle. So used, it can be taken any length of time without acquiring a drug habit.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

There are a multitude of homes where Peru-na has been used off and on for twenty years.

Such a thing could not be possible if Peru-na contained any drugs of a harmful nature.

Address Dr. Hartman, President of the Harbison Sanitarium, Columbus, O.

But for that one bad inning at Wehrle park Friday afternoon, that story sent to Zanesville last night might have been far different. But the ifs were there and the story isn't different. Laddy Linke, Newark's star twirler, was pounced upon by the husky Moguls and was severely pounded. This pounding came in one inning mostly. That was the fourth. Up until that frame the Laddy allowed but three hits. During the fourth no less than five Moguls connected safely. Ingerton, like a crazy man, got a double and when the fans finally sighed with relief after the ninth man at bat was thrown out at first, the score board had hung up a tin with the big "4" on it.

The game was a pretty one. Each team had three errors and except for the clinker credited to each left fielder, none of the errors were of the rank variety. Big Bill Miller and our Lefty Snyder had each a clinker, both being pretty bad. Snyder ran in under an easy fly and stood waiting for it to drop. When it did drop, it went through his glove and the man rested safely on first. Bill Miller's was a little harder. He ran further after the ball but it was dropping slowly. The ball hit his glove and went on through and the fans gave a shout of delight for it was in the seventh and the rooters did hope that the score might be tied and won before the game closed.

We started right in the first inning. After Snyder and, Snodgrass were down, Bradley hit down the first base line for two sacks. Drake sent a hot one to Scottie Ingerton, which he kindly muffed and Brad came prancing across the home rubber. Drake stole second and with that sort of a lead over Zanesville, what did we care whether Drake scored or not. Davis fanned the air three and we quit more than satisfied.

In the third Laddy Linke himself copped out a single. Snyder with a clever bunt, sacrificed the man to second, Snodgrass hit another to the infield and Linke took third and Brad's second safe bingle came at just the right time to score the genial little pitcher.

Zanesville scored only in one inning. That was the fourth. It was a fierce bombardment of the premier pitcher and the Zanesville rooters who were present were tickled to death. Miller opened the act with a clean single. Joe Doyle, our own Joe, followed it up with the same thing. Miller took third and Joe stole second on his old side partner. Snodgrass, Ingerton followed with a double, and Miller and Doyle scored. With Ingerton on second, Tim Flood was called upon to sacrifice. Huling scored on a neat single. Wilnot was on hand with another single and Huling scored on the throw home. All taking second. Quinn's high fly was dropped by Snodgrass and Cooper was thrown out at first.

In the ninth inning Wilnot struck out and Quinn hit safely and Cooper did the same trick. Bradley's fielding Cooper's hit and threw to the plate in time to catch Quinn who hit the dirt, but not soon enough to score the run. With Bill Miller at bat, Cooper was tempted to steal and Cooper was caught a mile away from second.

Joe Doyle, released by the local club, and picked up by Zanesville as an extra catcher, played his first game with the bunch Friday afternoon. He played a better game with Zanesville Friday than he ever played with Newark, thus proving that he is capable of playing the game. All this season, his hits have been few and far between. In that Friday's contest he got two clean singles at very opportune times. His throwing to second was good, and his base run-

score of 1 to 3 means a victory won by errors. Denison seemed to be asleep, and in the seventh inning allowed Kenyon to get in three runs on errors, back of Pine, Stewart of Kenyon played the best ball, getting two singles and one two sack. Score: R. H. E. Kenyon 1 0 0 0 1 0 0 0 0 1 3 4 Denison 1 0 2 0 1 0 0 0 0 0 3 3 Batteries—Wolcott and Cunningham; ham; Pine and Ellor.

AT CINCINNATI, June 9.—The question of an official ball, which has caused much feeling in the American association for several months, was the subject for a decision of the national commission. Quotations from the national agreement are given to show that only the Spaulding and Reach balls are recognized and that the clubs playing under the national agreement must abide by that rule. The matter came up on request of the Toledo, Columbus, Indianapolis and Minneapolis clubs for a ruling whether they must be bound by the contract entered into by the national association directors for the Victor ball to the exclusion of all others.

DOYLE PRESENTED WITH UMBRELLA

The many admirers of Joe Doyle in Newark, surprised that individual Friday afternoon when he stepped to the plate, and stepped into the box, a Zanesville player handed him a fine Rafferty a beautiful umbrella with instructions to present it to Joe. Rafferty turned to the grand stand and held up the shower stick saying, "Joe Doyle, from his many Newark admirers." The admirers responded with a hearty round of applause and a cheer. Doyle hit a long fly to left field. He re-appeared later in the game with two clean bingles.

PITCHER MOCK IS WORKING TODAY

Pitcher Seared From Lancaster Will Try His Luck Against Ford Drumm's Moguls.

Pitcher Blinky Mock, who turned a neat trick on the Lancaster bunch last Wednesday, is slated to work out against Zanesville this afternoon while "Kaiser" Wilhelm, one of Drumm's best fling for the Moguls. Mock, who has plenty of steam, seems to be able to deliver the goods.

"BLINKY" MOCK, and as he is a southerner it is believed that he will work successfully against Drumm's men.

The Silent Man, Howard Stone, will be reserved to work against the Nocks in an attempt to pull them down and give Youngstown a safer hold on the first position. Stone has been off duty for several days trying to mend a badly injured finger sustained in a game at Mansfield several weeks ago. He should be in good condition and looks today like the Sunday even would be a winner.

Madden was not in court and was not represented by counsel.

At your first opportunity, consult your doctor about taking Ayer's Sarsaparilla. Ask him if he has anything better for weakness, debility, nervousness. If he has, take it. The Knights of Pythias will go into grand lodge this year with alarger membership than any other one fraternal order in all the state of Ohio. It has been the most successful year in the history of the order, both financially and in gain in membership. All the returns are not yet in, but of 137 lodges reported since January 1, a net gain of 1,275 members is shown, while only three lodges have been at a standstill and only seven report a loss. WOMAN AND CHILD

WERE BADLY HURT

When a Buggy Crashed Into a Delivery Wagon on Wilson Street Friday.

A Hungarian woman and young child were badly injured while driving in West Newark Friday.

The couple were driving in a wagon on Union street when upon turning a corner at Wilson and delivery streets they crashed into a delivery wagon being driven at a rapid rate of speed. The woman and child were thrown out of the wagon and the street with such force that the former sustained a broken arm and several bad bruises. The child was thrown under the foot of the horse and the animal stepped on one of its legs, badly lacerating it. Both were in a rather serious condition when a physician was called and dressed the injuries.

## GAS FIELDS

OF LICKING COUNTY FURNISH THE BEST PRODUCERS IN THE STATE.

Unobtainable Supply of Gas Will Furnish Much Appreciated Luxury for Years to Come.

The residents of Lock have been compelled to burn coal or wood since 2 o'clock Tuesday afternoon. The Logan Gas company, which has a line running through there from Homer to Delaware county, notified the consumers there that gas would be shut off at 2 o'clock. The line will be taken up.

The Ohio Fuel Supply company commenced drilling on the L. M. Blumhugh lot in South Vernon, last Friday. The well on the N. Aerschler lot will be started Saturday. The company has almost completed the ditch for its eight inch line from Appleton to Granville. A large force of men is at work on the 18 inch line from Homer to Columbus, which is being built by Contractor Hill.

The Heisey company is now building its own rigs. It now has two on the Dudley Taylor farm in Union township and is going to build another. It has also owned its two strings of tools for some time. There have been drilled, besides the two in progress, three good oil producing wells southeast of Bladenburg and two dry holes north of the village, and the one now being drilled on the Mercer farm is watched with a great deal of interest.

Natural Gas between the Columbus and Heisey company seems to be on again in Union township. The Heisey company has made three locations on the Taylor farm, and the Columbus company has made three as close to them as it can get.

The Columbus Natural Gas company pump station here will be started today and kept going. It has but one pump installed at present. The other will be shipped this week and put in place on arrival. J. D. S. Neely, president of the company, will be here when the pumps start.

Mr. Crawford it will be remembered was here during last winter in the employ of the Citizens' Telephone company and made many friends here. His bride was a teacher in our public schools and one of Johnstown's finest girls. She was a graduate of the Johnstown High school and a splendid teacher. ## House Where Father Capon Was Hung

The summary punishment visited upon Father Capon, once leader of the Russian workmen in their great strike, for his offer to turn traitor and expose to the Russian government the plans and leaders of the revolutionists, with whom he was associated, was meted out after a form which is now to Russia and which is couched in with the rise of the Democratic spirit in the empire. Lead to a little rustic house in Ozerki, a suburb of St. Petersburg and there conducted by a court of four persons who heard the evidence, he broke down and confessed his perfidy and then and there he was strangled to death and his body suspended from a clothes rack in the room where it was found a few days later. Satisfied with their vengeance the executioners did not ever rifle the dead, which pockets and when the official autopsy was performed the police found hidden in the clothes a key to a safe, a deposit box hidden to hide the 50,000 roubles.

## Head Of Dead Priest

# DELAWARE MAN WAS DROWNED IN NEWARK ON SATURDAY

Frank Collins Aged 21 While Bathing in the South Fork  
Got Beyond His Depth and Being Unable to  
Swim Met His Death.

A sad accident occurred in South Newark about 9:30 Saturday morning, which resulted in the death, by drowning, of Frank Collins, a young man but 21 years of age, whose home is in Delaware, Ohio, but who has been employed at the Wehrle foundry here since last August. The accident occurred at the junction of the Racoon creek and the South Fork of the Licking river.

The particulars of the accident as told by Charles Crust, also of Delaware and in company with the unfortunate young man at the time, are to the effect that they were in the water, which at that point is several feet deep, for the purpose of bathing. Young Collins could not swim, and in some manner got in the water where it was at its deepest. His companion soon realized the danger he was in, and rushed to his assistance, but was powerless in the grasp of the drowning man and was almost drawn beneath the water three different times. Finally he managed to free himself just in time to save his own life. Rescuers hurried to the aid parties as rapidly as possible, but arrived too late, the body of Collins not being recovered until two hours after the accident when Walter Lewis a personal friend of the dead man, together with a man named Brown, a life insurance agent, and others, finally brought the body to the surface.

The young man is single and leaves no immediate relatives besides his mother in Delaware. While here he boarded at a Mrs. Bell's boarding house on Sorocco street.

The remains were taken to Long & McCammett's undertaking parlors and prepared for shipment to Delaware.

# TROOPS ARE ORDERED HOME PATTISON REFUSES REQUISITION

Bryan Club Formed at Cincinnati—Slater Wants to See  
the Governor Before Giving Up His Office—  
News of Ohio Briefly Told.

Wheeling, W. Va., June 9.—Brigadier General Speaks said in an interview over the telephone that all the Ohio troops in the Jefferson county mining regions would start for home today. He said the order was given by Adjutant General Hughes after a consultation with the sheriff of the county.

Dillonvale, O., June 9.—The situation in the eastern Ohio district is such that Sheriff Vorhees has deemed it necessary to transfer the companies of state troops now stationed at Bradley to Dillonvale. Sheriff Vorhees has been informed by officials of the M. A. Hanna Coal Company that it will resume operations here Monday and that the company fears trouble from the strikers. The company is depending on a number of its old employees returning to work under last year's scale, and officials say some of the old employees have told the management that if the whistle is blown Monday they will return to work regardless of what the union officials may say. At Robyville and Ramsey the Roby Coal Company notified pit bosses to prepare the mines for resumption with non-union men Monday, but they refused to comply and quit. The company is now arranging to import men.

Chief Inspector of Mines George Harrison made an inspection of the mines now under surveillance of the state guards. Mr. Harrison states that the visit was simply to see that inexperienced men employed were being looked after in the mines and safeguarded against dangers. The inspectors visited Plum Run, Crow Hollow, Rush Run, Moore's Run, Dillonvale, Aicoma, Bradley, Smithfield, Bellare and other points. We were permitted to go everywhere on the property," said Mr. Harrison, "and to mingle freely among the striking miners, who seem to be taking matters good humoredly and express themselves as highly pleased with the exchange made from undisciplined, and, in some cases, uncouth, inconsiderate guards, to the trained Ohio Soldier."

Circus Man Ordered Released.  
Columbus, June 9.—Governor Pattison refused the application of the governor of North Carolina for the extradition of William T. Spatch on the charge of having been connected with the robbery of \$50,000 of the funds of Sells Brothers show in 1904. The announcement of the refusal of the requisition was accompanied by a statement by the governor of his reasons. He ordered the release of Spatch because he holds he is not a fugitive from justice. Governor Pattison was especially well equipped to pass upon the Spatch requisition papers, for he himself was attorney for this same state of North Carolina in a very similar requisition case. The disclosure of this coincidence has a direct bearing upon the question raised by State Printer Mark Slater as to the ability of the governor to perform his duties.

Dropped Dead at Throttle.  
Cincinnati, June 9.—William A. Collins, an entrepreneur on the Walbonding local, dropped dead with his hand on the throttle while doing some switching at Walbonding yards. His death was caused by heart trouble. Valentin was about 18 years of age and lived in Nienfeld to which place he had been removed.

Lamberson for Warden.  
Cincinnati, June 9.—J. B. Lamberson dies September 18 in the Cleveland

prison, but was powerless in the grasp of the drowning man and was almost drawn beneath the water three different times. Finally he managed to free himself just in time to save his own life. Rescuers hurried to the aid parties as rapidly as possible, but arrived too late, the body of Collins not being recovered until two hours after the accident when Walter Lewis a personal friend of the dead man, together with a man named Brown, a life insurance agent, and others, finally brought the body to the surface.

mightily cautious before he puts his foot down, and there is no telling who he is going to appoint for any office. It looks as though Lamberson has an inside track for the wardenship.

Zanesville Gets Left.  
Zanesville, June 9.—The Oscar Lear Automobile company will not locate at Zanesville, not on the old rolling mill site nor on any other site. The appointment is to the membership which was declined by John W. Bookwalter. Mr. Campbell is an attorney. He was nominated for congress by the Democrats some years ago. He is also a personal friend of Governor Pattison.

Slater Would See Governor.  
Columbus, O., June 9.—Lewis B. Houck, secretary to Governor Pattison, conferred with Mark Slater, and urged the state printer to abandon his claim to the office. The Dayton man declined to surrender, though it was said Secretary Houck offered to have J. W. Johnson, Governor Pattison's appointee, retain in office A. A. Alger, Slater's chief clerk. A counter proposition was made by Slater. It was that he would relinquish the office if he and a friend were allowed to visit the governor in Christ hospital, and if the interview with the chief executive satisfied them that he was able to discharge his public duties. Secretary Houck declined this proposal.

Bryan Club Formed.

## CHILD WAS ALONE LEFT BY MOTHER

THE LATTER HAVING LOCKED  
THE LITTLE ONE IN THE  
HOUSE ALONE.

She Was Later Arrested by Humane  
Officer Bader and Spent the  
Night in Prison.

At about 7 o'clock Friday evening Police Officer Brooke and J. A. Kraver were called to 33 Clinton street. When they arrived they found the street in front of the house at that number blocked with excited people, while from within came the piercing screams of a little child. The house was locked, but the officers forced their way in and found the child, which is about 2 years old, in a serious condition from fright and almost exhausted from crying. The officers took the little one to the Manhattan hotel, where after a while it was quieted.

It was learned that the mother of the child is Mrs. Lucas, who keeps boarders at the house on Clinton street, and is said to spend her evenings with them at the skating rinks. She was arrested Friday night after the discovery of the child being locked in the house alone. The child was left at the Manhattan over night.

The arrest was made by Humane officer Charles Bader and Officer Scott of the local police force, the man with whom she was in company, also being placed under arrest. He was released, however, as no charges were preferred against him.

Mrs. Lucas was taken to the police station and locked up, and spent the night in prison. Saturday morning the woman was arraigned before the mayor and after pleading with the magistrate and promising him never to again be guilty of neglect of duty toward her child, she was allowed to go home.

This arrest is the culmination of a crusade which has been inaugurated by the Humane Society against anyone who exhibit negligence or cruelty to helpless children, as well as to any kind of animals.

Officer Bader is indefatigable in his efforts and any notification given him will be promptly attended to.
